2. Three story brick Italianate facade with wood modillion cornice. Assymetrical 3 bayed first floor, 2 bayed at second and third floors. Three story main section 2 rooms deep; roof slopes from front to rear. Two story brick ell with later one and two story brick extension. Three story connector at rear of main section contains stairs.
3. This Victorian house is typical of the last phase of rowhouse evolution in the Ridgely's Delight area, and yet unique for its fine storefront which may be original. As in other houses of the period along S. Paca St., it exhibits considerably more exuberance in materials and detail than earlier, more plebian houses on the same street and may be characteristic of a more well-to-do inhabitant. The 3 story front maintains the scale and character of the neighborhood.
